

International Society of Food Physicists  
Slovak University of Agriculture in Nitra

## 9<sup>th</sup> International Conference of Food Physics

August 30 – September 2, 2010  
Nitra, Slovakia

### Conference Programme

The scientific programme includes plenary sessions, presentations and poster sessions. Industrial excursion and conference tours will be organized.

### Key Topics

- Food quality and safety
- Research and development in the food technology
- Physical parameters of foodstuffs and physical methods for food investigation
- Theoretical issues of food physics, connection to other sub-sciences
- Open topics

### Language

Papers for publishing, presentations and poster sessions will be accepted in English

### Abstract, paper submission

Abstracts and full paper should be submitted online.

Full paper can be published in the Journal of Food Physics or in the Acta technologica agriculturæ.

### Important dates

March 2010

Registration and submission of abstracts

September 2010

Submission of full papers

### Fees

	until April 30, 2010	until August 30, 2010
Participants	150 EUR	180 EUR
Students	50 EUR	60 EUR
Accompany	50 EUR	60 EUR

The fee includes attendance to conference sessions, invitation to the Welcome Party, welcome pack, publication expenses, refreshment during coffee breaks, lunches at the University campus canteen.

**Accommodation**

A list of recommended hotels and student's hostels will be found on the Conference website.

**Location - Nitra in Slovakia**

Nitra is a modern town situated on the south-west part of the Slovakia, approximately 100 km far from capital of the Slovakia – Bratislava. It is currently the seat of district and regional state institutions. Nitra is town with a rich history and cultural traditions reaching to the times of Great Moravian Empire. Besides the attribute ancient we might say about Nitra also a town of students, agriculture and trade fairs. The Slovak University of Agriculture, the University of Constantine the Philosopher and prestigious scientific institutions are also situated here. Nitra is an important economic centre with a prosperous electrical engineering, automotive and chemical industry, so with traditionally well developed agriculture and food-processing industries as well.

**Scientific Committee**

Prof. Szabo S. Andras – Budapest, Hungary

Prof. Józef Horabik – Lublin, Poland

Prof. Jiří Blahovec – Praha, Czech Republic

Prof. Jaroslav Buchar – Brno, Czech Republic

Assist. Prof. Dr. Maria Marudova-Zsivanovits – Plovdiv, Bulgaria

Assoc. Prof. Zuzana Hlavacova – Nitra, Slovakia

Assist. Prof. Dr. Vlasta Vozarova – Nitra, Slovakia

**Coordination and Conference Secretariat:**

Slovak University of Agriculture in Nitra

Faculty of Engineering

Department of Physics

Tr. A. Hlinku 2, Nitra, Slovakia

Vlasta Vozárová – chairman
