

Our Products & Ingredients

Best taste through the highest quality is the benchmark we set for all our products. Therefore we source only the finest quality raw materials, ingredients and spices.

Intersnack Hungary Ltd

1117 Budapest, Alíz u.2, e-mail: szabog@chio.hu, www.intersnack.hu

People throughout Europe have enjoyed savoury snacks made by the Intersnack Group since 1853. Our brands have become consumer favourites and annually we produce in our 32 factories around 400.000 tonnes of snacks including potato chips, nuts, baked products and specialty snacks.

We believe our snacks are popular because we listen carefully to our customers, wherever they live. As a result, our team of food scientists across Europe is constantly working to create delicious new products that meet changing expectations and regional tastes. Of course, it goes without saying that the top priority of our 8.000 employees is to continually improve the quality and taste of our snacks.

We are a privately owned company with innovation, entrepreneurship, create-

vity and teamwork at our core. Our philosophy is based on rapid decision-making, efficient actions and intelligent solutions. This has helped us become one of the leading manufacturers of savoury snacks in Europe, with an annual turnover of €2,1 billion Euros.

We recognise the importance of environmental and social responsibilities and place them at the heart of everything we do. This is why we relentlessly challenge our businesses, our colleagues and our partners to live by the highest possible standards, at international, regional and local level. To meet these requirements of environmental and social responsibility we have set ourselves ambitious goals in key areas like raw material cultivation, production and transport.
